Directions (also see maps below)

It is still possible to approach Darbys by car. We have a visitors car park where parking spaces can be booked with prior notice. There are also two large pay and display car parks nearby.

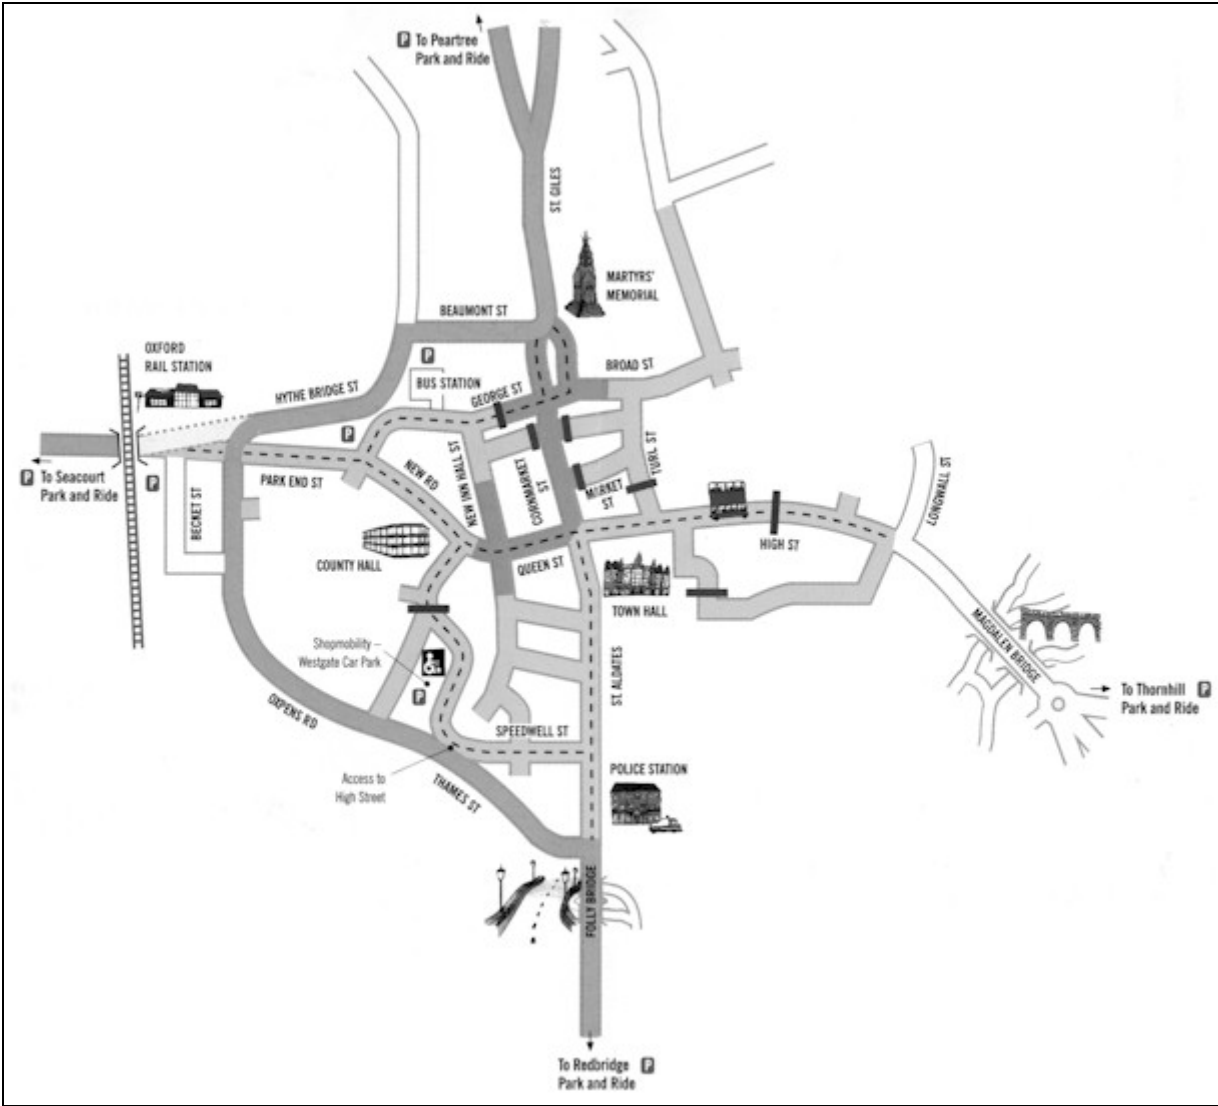

By car, follow these instructions:-

From the North or East travel down Beaumont Street or Walton Street into Hythe Bridge Street. Turn left at the first set of traffic lights past The Royal Oxford Hotel and turn left again at the next traffic lights into Park End Street. *Bear left into Worcester Street and follow the right into George Street. From here take the first right into New Inn Hall Street. We are situated on the left hand side just past O'Neill's Public House. Access to our car park is under the archway to the left hand side of our building.

From the South turn right at the traffic lights from Oxpens Road into Park End Street and then follow instructions as above*.

From the West via Botley Road, go under the railway bridge up to the first set of traffic lights. You will need to go straight on but end up in the right hand lane. At the next set of lights, you will need to turn right and then you will need to be in the left hand lane. Turn left into Park End Street and then follow the instructions as above*.
